PATTY WOOD-SHIELDS
WILLIAM WOODBRIDGE

...continued

In 2015, the Cedar Shake and Shingle Bureau celebrates its 100th anniversary. On September 12, 2015, a Cedar Shake and Shingle Packing Contest will be held in Whistler, British Columbia, continuing a tradition that started over a century ago with skilled industry craftsmen. Later that day, a networking gala dinner will take place and Lifetime Achievement Awards will be presented on stage to those in attendance. Chairman Kent Gibson stated: "It is a true honor to bestow Lifetime Achievement Awards on such worthy recipients. Their commitment and foresight were large factors in helping our association reach its 100th anniversary."

Founded in 1915, the Cedar Shake and Shingle Bureau proudly represents over 250 member manufacturers, treaters and affiliates. Known as the 'Recognized Authority since 1915', the organization offers quality control, marketing and building code lobby services. A knowledgeable team of District Managers also provides free technical assistance to a wide variety of target audiences.
